Join Lamb Weston! We bring the world together with our fries.

POSITION SUMMARY:

As a Level 2 Water Treatment Operator, you monitor and control operations of the Water & Wastewater Control Systems, working under supervision. Experience working with a GE-Ultra Filtration Membrane System is an asset. This position requires long periods of standing, and repetitive use of hand/arms to use tools and supplies. Job tasks may occur in any area of the plant, require good physical stamina, and are labor intensive in an often fast-paced work environment. The water treatment team is essential in assisting the business achieve its production goals.

JOB DESCRIPTION:

About The Role:

Location: Taber, Alberta
Type: Full-time, Hourly
Schedule: 12-hour shift schedule rotation (7:00-7:00) with an average of 42 hours per week. Must be available to work day-shift, night-shift, weekends, and statutory holidays.
Reports to: Team Leader Process Water

As a Level 2 Water Treatment Operator, you'll...

- Always maintain and promote safe work practices
- Complete the company training program outline for this position
- Operate & locate important safety equipment, systems, and stations
- Understand and use all required Personal Protective Equipment (PPE)

- Maintain consistent treatment to limits set for land applications and maintain clear interaction and communication with your Team Leader.
- Have a strong knowledge of irrigation wastewater systems.
- Support Management and team member's efforts to optimize manufacturing efficiency and promote continuous improvement.
- Work with Supervisory staff and safety committees to develop and implement safety improvements.
- Keep regular records of meter and pump operations, ensuring proper operation and daily management of a process water treatment system.
- Collect, process, and record various samples and information, including, but not limited to: flow and chemical composites.
- Be responsible for operations, monitoring, and maintenance of the Process and Wastewater Treatment Systems to ensure effective operation.
- Be responsible for operating and maintaining an Anaerobic Digester
- Have a complete knowledge and understanding of the plant safety rules including lockout-tag-out procedures and chemical hazards.
- Understand and follow all plant Good Manufacturing Practices (GMPs).
- Coordinate with production supervisory personnel on changes in water requirements to help ensure maximum plant productivity.
- Assist your Team Leader in training new Water Treatment operators.
- Assist in the coordination of ordering parts and supplies.
- Fill out, maintain, and sign all applicable documentation and administration forms for verification purposes.
- Remove any foreign material found and notify the Production Team Leaders immediately if glass or metal is found.
- Collaborate, influence, and partner with team members across the organization to enable individuals and teams to be successful in their roles
- Clean water treatment areas as determined necessary (using the designated cleaning equipment and supplies as well as a high pressure water hose).
- Engage in other duties as assigned by your Team Leader that are concerned with our water treatment programs & standards

In addition to the responsibilities outlined above, at Lamb Weston, we will support you in identifying where your interests and development opportunities lie and we'll help empower you to successfully grow in your role.

ABOUT YOU:

You'll thrive as a Level 2 Water Treatment Operator if you:

- Ground your work in best practices for safety & product quality
- Possess knowledge and experience with food safety programs & standards
- Enjoy partnering with team members across an organization to collaborate together toward a common goal
- Possess excellent, inclusive communication skills across diverse types of people and needs
- You maintain a people-centric and "roll up your sleeves" and solutions-oriented mindset and work style

- Have experience working in the manufacturing industry, supporting both customer and business-focused needs
- Take a positive and humble approach to building relationships with your team members
- Have a passion for learning, and are determined to give every task your best effort

WHY LAMB WESTON IS FOR YOU:

Lamb Weston has revolutionized how fries are made and how they bring the world together. The Taber, Alberta facility hosts an award-winning, top-performing team that has been in the community for over 25 years. Our culture and unique perks empower you with:

- A caring culture. We offer programs for financial hardship relief, incentives for volunteerism, and annual scholarships for children of employees.
- A healthier you. Access to local gym, pool, and golf facilities. Access to extensive life balance solutions, and wellness resources. We also provide excellent health care benefits.
- Community and fun. We are potluck meal enthusiasts, avid 'French Fry Day' consumers, holiday dinner partygoers, and Safety Week celebrators.
- Envious compensation benefits. We offer annual & quarterly bonus programs, evening shift differential pay, and weekend shift differential pay.
- Freedom to grow. We offer opportunities to cross-train in other job areas, an avenue for professional development through a broad micro-learning platform, and a plethora of in-house training programs to build your skills and leadership capabilities.

OUR CORE BEHAVIORS:

- Obsess over safety. We deeply understand the products we make and are committed to delivering high-quality goods for our customers in a safe working environment. Regardless of the circumstances or pressures we face, we do right by our people, our communities, our customers, and act with **integrity**.
- Putting our heads together. Great **teamwork** happens when we encourage perspectives from all corners of our community. We see the bigger picture to become stronger and smarter together.
- Act with confidence. We make smart, informed decisions as we work towards our goals. Each of us is encouraged and **empowered** to think like a leader, be a self-starter, and ask for help when it's needed.
- Raise the bar. We constantly challenge ourselves and each other to seek out new ideas and better ways of doing things to define the leading edge of what's possible in our industry. We learn from our mistakes, celebrate our successes, and **drive for results**.
- Be you, with us. In an atmosphere of **inclusion**, we embrace each other's differences. We make it safe to be ourselves and speak our minds. Through thick and thin, each of us is committed to one another's well-being and personal growth.
