Water & Wastewater Practicum Placements Needed

Are you planning to hire staff to for the upcoming May - August 2024 season or looking to fill future vacancies within your organization?

NAIT's Water and Wastewater (WWW) Technician students are required to obtain a minimum of **600 hours** of work experience in one or more of the following disciplines: water treatment, water distribution, wastewater collection and wastewater treatment in order to complete their certificate.

Approximately 70 students will be seeking employment to complete the industry practicum portion of the program. With your support, we hope to provide our students with a variety of employment opportunities paid or volunteer on February 2, 2024.

Additional funding opportunities for employers to offset costs of employees is below:

Federal Funding Opportunities:
