### Charitable Donations Project - The Water School

In 2024, our Charitable Donations project covered the expansion of a motorized borehole in Petta, Uganda, covering a distance of 4.5 kms. This year, our goal is to further extend the distribution system in Kucwiny, Uganda. The expansion will include 12.6 kms of piping, providing 770 households in 12 villages with access to clean, safe, water.

The Water School is matching your donations dollar-for-dollar! Our goal is to raise \$30,000 for a combined total of \$60,000.
