- Keep all equipment at their disposal in good working condition.
- Deliver letters and notices.
- Take meter readings.
- Test water for chlorine and submit samples to Alberta Health as required.
- Maintain cleanliness, organization and tidiness of shop facility.
- Wash vehicles and equipment as required.
- Provide routine maintenance on valves and fire hydrants.
- Checking water distribution and wastewater collection facilities.
- Marking utility infrastructure for Alberta one call request.
- Assisting utility technicians with minor ground disturbance task to repair infrastructure.
- Gathering groundwater level reading from water monitoring well.
- Conducting preventative maintenance checks of waterworks systems main valves and collection system manholes.
- Exterior painting of utilities infrastructure.
- Installing signage for water & sewage line markers
- Complete other related duties as required by superior.
- Adhere to applicable responsibilities and accountabilities as outlined in the Sturgeon County Health and Safety Management System.

What are we looking for?

- Upon request provide a clear criminal record check.
- Valid class 5 driver's license with an acceptable 5-year commercial driver's abstract.
- Standard First Aid certification.
- Defensive Driving certification (or the ability to obtain).
- Ability to conduct strenuous work in an outdoor setting and perform medium lifting of 25 kilograms.
- Experience with trailer hookup, cargo securement and towing.
- Experience driving a pickup on gravel roads would be considered an asset.
- Must work safely, effectively and efficiently with others and alone with little or no supervision, always be punctual, communicate openly, take direction well, and respond to public inquiries in a calm and friendly manner.
- Familiarity with the Alberta Township Survey (ATS) System.
