

The Village of Loon Lake is seeking a Class 2 Water Treatment Plant Operator to manage the water treatment plants in the Village of Loon Lake and Village of Makwa. The Village is open to hiring this individual as an employee or as a contract position. This position reports directly to the Administrator and the Council for the Village of Loon Lake. Preference will be given to the candidate that holds a class 2 license or higher.

MAJOR DUTIES AND RESPONSIBILITIES:

- Responsible for the daily operation and maintenance of the Water and Wastewater Treatment Plants and associated appurtenances. This includes ensuring the water treatment plant generator is operational and any required maintenance is completed
- Must keep and maintain all records
- Routine maintenance on water treatment plant and wastewater system as required.
- Perform skilled work to control treatment processes along with detailed sampling, monitoring, and analysis of water/ wastewater/ processing streams
- Complete all provincial water and sewer reports to ensure compliance (including the Annual Drinking Water Compliance Report)
- Operation and maintenance of wastewater lagoon
- Provide the Village with monthly records to be reviewed at Council meetings.
- The successful candidate must work rotational, non-standard hours, which consist of shift work, days, nights, evenings, and weekends (including stand-by and callouts).

EXPERIENCE:

- Preference will be given to individuals with experience and/or education in the water/wastewater field.

QUALIFICATIONS:

- Must possess and maintain a valid Class 5 Saskatchewan driver's license
- Obtain and maintain valid First Aid, WHMIS, Confined Space, and H2S Alive Certificates. (Training will be provided for the selected candidate)
- Satisfy, possess and maintain a valid Class 2 W.W.T. & W.T. Operators Certificate as determined by Government of Saskatchewan Regulations.
