

## 2018 Water and Wastewater Operator Certification Program Exam Schedule

All Level III and IV exams will be administered on-line, computer based-testing. As of January 1, 2018, Edmonton, Calgary, Lethbridge, Medicine Hat, Lloydminster, and Grande Prairie may be chosen when available. There is a fee for the on-line exam, the fee will be \$97.00/USD paid directly to the on-line exam provider. You will have 30 days after the pencil and paper sitting to schedule your exam.

There is the option of Small Systems, computer based testing every two months (next session starts November 15, 2017 and will run every two months on a regular basis). Once we receive application indicating this option, you will be notified with the next available session. There is a fee for the on-line exam, the fee will be \$97.00/USD paid directly to the on-line exam provider.

Small Systems, Level I and Level II for March 2018 in Banff will still be pencil and paper, no fee applied.

Applications for Certification are currently available to download from the Alberta Environment and Parks website:

- [Drinking Water and Wastewater Certification Forms](#)

**Please ensure you follow the downloading instructions carefully. Incomplete applications will be rejected and returned to the applicant.**

Once your completed application has been received and approved, **you will be advised by email**, of the exact time and location of the exam **approximately 3 weeks prior to the scheduled date**. Operators whose applications are denied will also receive written confirmation via email. **Please ensure you provide us with an email address that is correct and checked often.**

### NOTE:

- Examinees may, if approved, write up to 4 categories at one time in Level I (**although this is not recommended**)
- Examinees may, if approved, write up to 2 categories at one time in Level II
- It is **NOT** possible to write exams in more than one level if paper based testing is selected
