ALBERTA WATER & WASTEWATER OPERATORS ASSOCIATION

2020-21 Board of Directors

Chris Huston

Director

5K - 25K Pop.

City of Lacombe

Chris began his career with the City of Lacombe 20 years ago as a casual summer labourer, working towards his current role of Utilities Manager. He is also responsible for the regional water and wastewater pipelines connecting communities from Red Deer to Ponoka. Away from the office, he enjoys camping and coaching his children's ringette, hockey, soccer and softball teams. He loves the challenges that water and wastewater professionals face each day and working together to find solutions.
