

With a population of almost 30,000, Whitehorse is the capital of Yukon and the largest city in Northern Canada. Working for the City of Whitehorse means belonging to a friendly, active and diverse community. Being a part of the team means you will play an integral role in the everyday lives of Whitehorse residents. The City of Whitehorse is an organization that understands the value of its employees and the importance of maintaining a passionate workforce.

## **Manager, Water & Waste Services**

The incumbent manages, plans, organizes, controls and evaluates activities to ensure the safe, sustainable, reliable and efficient operation of the Water and Waste services department. The Manager develops and directs municipal goals, financial and business plans, and strategies to ensure the effective planning and delivery of programs and services. In this role you will manage the department's day-to-day activities and lead the development and implementation of operations and maintenance plans to meet municipal water treatment and distribution system requirements, wastewater collection and treatment, storm drainage systems, and waste management systems.

The City of Whitehorse is looking for an individual with an excellent management track record and specific accomplishments in directing budgets and strategic planning and to provide effective recommendations as a member of the management team.

*The ideal candidate will also bring:*

- 8+ years of progressive related experience including at least four years of supervisory experience.
- A proven track record and commitment to safety and environmental procedures and encouraging a safe work environment.
- Excellent organizational skills, prioritizing and ability to multitask with minimal supervision.
- Excellent skills relating to communications, team building, liaise with stakeholders, human relations, strategic operational and financial planning, and problem solving.
- Proven written and oral communication skills to develop and present reports, position papers and proposals.
- Ability to foster and maintain effective relationships among peers and/or stakeholders.
