

Black Knight Inn

March 12, 2020

As our valued guest, we would like to express that the Black Knight Inn is taking the Coronavirus Disease (COVID-19) very seriously.

Our first, and main priority is keeping our guests and employees protected against the COVID-19. Considering the recent outbreak, we have put into effect new policies and procedures to ensure everyone is kept safe and that the Black Knight Inn remains a safe and sterile environment for everyone to enjoy. We are asking that any employee that has flu-like symptoms to seek medical attention and to stay home until they are feeling better.

Whether you are dining with us, having your function with us or spending the night we are taking every precaution to ensure your safety. Our function rooms, restaurant, lounge and the lobby are well equipped with hand sanitizers. We have enhanced techniques to clean guestrooms after each stay, with attention to high touch point areas such as key cards, elevator doors and buttons, door handles, locks and latches, light switches, desk surfaces & telephones. We are as well taking steps to ensure the welfare of our employees so that they may continue to come to work in a safe environment.

From all of us at the Black Knight Inn, thank you for your continued support and for keeping our establishment a designated safe zone. Should you have any other questions or concerns, please do not hesitate to contact me directly.

Sincerely,

The Management & Employee's of the Black Knight Inn
