

Smoky River Water Commission

## Career Opportunity Water Treatment Operator II

The Smoky River Regional Water Management Commission, located in northern Alberta (office in the Town of Falher) is seeking a Level II water plant operator. This is a permanent full-time position.

The Operator assists with the operation and maintenance of the Commission's regional water system and reports to the Lead Operator.

The successful candidate must have good mechanical aptitude and ability to perform physical labor, and be able to work independently. Applicants with water treatment certification is will be considered first, but the Commission is willing to provide training to the required Level II, for the right candidate. Base of 35 hours/week, standby is required, including weekend rotational shifts.

The Smoky River Regional Water Management Commission will pay a competitive salary complete with an exceptional benefits package. Details of the compensation package will be discussed during an interview.

The Smoky River Regional Water Management Commission thanks all applicants; however only those short-listed for an interview will be contacted. This competition will remain open until a suitable candidate is hired.
