Who we are

Nexus Water Group is a leading regulated water and wastewater utility serving more than 1.3 million people across 20 U.S. states and 2 Canadian provinces.

"Nexus" means connection. Through the essential water and wastewater services we deliver, we have a very personal connection to the people, businesses, and communities we serve. This is why our operations are locally led and managed. Every day, over 1,300 professionals deliver vital, safe, and reliable service through over 670 water systems and 360 wastewater systems.

What we offer

- **Compensation:** $67,000 - $93,900 yearly salary
- **Vacation and Holidays**: Starting at 3 weeks of vacation and 12 statutory holidays
- **Comprehensive Benefits:** We offer our employees extended health and dental coverage that is flexible to meet your unique needs. This can include chiropractic, massages or therapy
- **Sick Hours:** We offer 15 sick days that you start accruing on day 1 to ensure that you are taking care of your wellbeing without having to worry about getting paid
- **RRSP Program:** We believe in investing in your future. We match your RRSP contributions up to 5%.
- **Grow with us:** Professionally development opportunities through training, professional certifications, and education allowance
- **Employee Resource Groups (ERG):** ERGs are voluntary employee groups that form based on shared characteristics or backgrounds and are sponsored by the organization.

Overview

The Nexus Water Group team has an opportunity for an **Utility Operator I or 2**. Operates water analysis and treatment equipment to ensure water treatment, distribution, and/or wastewater treatment is performed as per regulatory, environmental and safety standards. This position will appeal to someone looking for the opportunity to participate in a dynamic growth oriented organization and rewards results. Extensive training and development will be encouraged.
