

## **H<sub>2</sub>O INNOVATION IS LOOKING FOR A CERTIFIED (LEVEL 2) WATER & WASTEWATER PLANT OPERATOR**

Choose a career at H<sub>2</sub>O Innovation with a team of passionate and highly self-motivated water treatment professionals working on multidisciplinary challenges in an international, dynamic and ever-growing environment.

Here, we encourage **entrepreneurship** and **celebrate achievements**. We work **together** to reach **ambitious goals** in an environment where **fulfilling commitments** and **integrity are** valued.

### **THE POSITION**

H<sub>2</sub>O Innovation is known for its state-of-the-art water and wastewater treatment systems as well as providing water and wastewater plant operations and maintenance management support across North America. H<sub>2</sub>O is seeking a **Certified Level 2 Water & Wastewater Treatment Plant Operator** in the **Northern Alberta/Fort McMurray Region**. Work will consist of **12 hour days, 2 week on 2 week off shift-work. Flights, meals, accommodations paid**. The lodging facility is known for its comfort, excellent food, and safe environment. One of the best locations! Water and Wastewater Treatment responsibilities consist of maintaining the lodge utilities that the trades and the operators utilize when on-site. Your care and attention to detail will ensure that all residents and the client are fully satisfied.

### **THE DAY-TO-DAY**

Reporting to the Project Manager, the Water & Wastewater Plant Supervisor will be responsible for:

- ◆ Consistently offering professional, engaging and friendly service;
- ◆ Ensures all work is performed in a safe and efficient manner;
- ◆ Supporting staff with the maintenance and operation of the treatment plants and pumping stations according to related Government standards;
- ◆ Maintenance and operation of the filtering and chemical treatment process;
- ◆ Maintain all related readings and documentation;
- ◆ Keeping a daily log and documenting of analytical parameters;
- ◆ Creation and completion of work orders for servicing and repairs;
- ◆ Supporting operations staff with vacation relief;
- ◆ Supporting with the purchase of goods and equipment, and maintain inventory;
- ◆ Supporting with data entry and reports to government agencies, departments, and other organizations as required;
- ◆ Compliance with all safety and sanitation policies;
- ◆ Ability to communicate effectively with other personnel and supervisors;
- ◆ Support with the clients, vendors and engineers.
- ◆ Shared on-call
- ◆ Lodge Maintenance

## SKILLS & ATTRIBUTES DESIRED

### Professional:

- ◆ A minimum of Level 2 in Water/Wastewater disciplines is required;
- ◆ Experience operating and maintaining Water and Wastewater Treatment Plants and related equipment is required;
- ◆ Must be flexible and demonstrate a dedication to the position and to the public services;
- ◆ Computer literate with ability to use Microsoft Word, and Excel;
- ◆ Valid Alberta Driver's License required;
- ◆ Must be able to perform on-call services on a rotational schedule;
- ◆ Excellent and professional oral and written communication skills;

### Physical Aspects of Position (include but are not limited to):

- ◆ Walking/standing/bending/reaching/pushing/pulling: Potential of 6-8 hr/day;
