

## **Water Distribution Operator – Trainee or Level One**

### **About Velocity Water Services Inc.**

At Velocity we specialize in water distribution system inspection, testing, and maintenance. Our team at Velocity is driven by the desire to provide the highest standard of preventive maintenance and inspection services for our clients. With operations throughout Canada, our team's success and reputation are what continues to create new opportunities. As a small growing business, we are excited to add another dynamic individual to our team.

### **Summary**

Velocity Water Services Inc is currently recruiting for a Water Distribution Operator – Trainee or Level One, based out of the Calgary, AB area. Under general supervision, this position will carry out daily tasks such as inspection, testing, and maintenance (ITM) of water distribution system infrastructure. An individual who is physically active, highly motivated, with a desire to learn the in-depth operations of water distribution systems will find great satisfaction in this role.

### **Job Description & Responsibilities**

- Inspection, testing, and maintenance of water distribution systems. Including fire hydrants, valves, leak detection, fire flow testing, and more.
- Water sampling.
- Perform general labor activities as needed.
- Respond to call-out requests, perform on-call duties when needed.
- Traffic control responsibilities.
- Complete detailed reports of work completed.
- A commitment to ensuring all Health, Safety, and Environmental job aspects are followed, with no exceptions.

### **Skills & Qualifications**

- High school diploma, or GED equivalent.
- Legally entitled to work in Canada.
- Valid Class 5 driver's license.
- 6 months of labor experience.
- Must be physically fit to perform all job functions in all types of inclement weather. This includes physical strength and dexterity.
- Ability to lift, push, or pull 50-lbs.
- Mechanical aptitude to perform maintenance activities. General ability to use hand tools and power tools.
- Ability to use computer systems related to digital reporting.
- Demonstrated ability to effectively communicate with clients, public, and co-workers.
- Excellent English verbal and written communication.

## Other Details

- The successful applicant will be required to provide a driver's abstract and proof of any other qualification relevant to this role.
- Industry training and education opportunities paid for by the employer.
- Regular overnight travel and On-call duties are required for this position.
- Compensation and benefits are dependent on qualifications/license and experience.
- This position is for a 6-month term with potential opportunity of full-time employment thereafter.
